- Timberland Commercial July 2015
- Man In the High Castle Pilot September-October 2014
- Microsoft Surface Commercial with Seahawks August 2014

Phlebotomist.

▪Senior Mobile Technician, Blood Bank. Puget Sound Blood Center, Seattle, WA. Supervised mobile blood drives with Mobile Unit 2, based in First Hill, Seattle, with a staff varying between 4-10; also screened and collected blood from donors. Also signed up donors and was a phlebotomist for National Bone Marrow Registry through the Blood Center. 6/98-9/99

▪Medical Laboratory Service, Bozeman, MT. Performed venipunctures in the lab, in patient's homes, and in nursing homes. Also performed EKGs, PKUs, throat cultures. 9/96-5/98

Music Business

▪Artists and Repertoire (A&R) Representative. Acid Jazz Records, Soho, London, England. Reviewed demonstration ("demo") tapes for possible record contracts, overseeing contract negotiations with musicians, and acting as a liaison between newly signed bands and the record label. 8/94-12/94

▪Tour Manager. Tour managed bands on their US tours: Dambuilders, from Boston in 1994, Jane Pow from England in 1993, and Edsel Auctioneer also from England in 1993. Was also band manager for other bands and created promotional material for them (specifically The Hinnies, London 1990; Jane Pow, Brighton, England 1992-1995; "K" Bozeman, MT 1993).

▪Promoter. Started my own company (Planet 10), which scheduled, promoted, and hosted live music shows in Bozeman, Montana for touring bands. 4/92-9/93

▪DJ/Music Director. DJ of KGLT, a college radio station in Bozeman, Montana from 3/89-8/96. Music Director during 1989/90 school year. Wrote for the radio station's monthly publication. Traveled to London in summer of 1990 and saw over 100 bands during the three months, chronicling the experience in the station's publication.

Volunteer Experience

Black Rock City EMR (Burning Man) Medical Team August-September 2013

Lightning in a Bottle Medical Team July 2013

Volunteer Doctor. CARE House, 741 Valley Street, Dayton, OH. Help when needed at this house which assists victims of child abuse, and with a new program "Handle with CARE" to educate regarding how to intervene when an abusive situation is witnessed in public. (www.thecarehouse.org) 12/04-6/07

Organizer. Emergency Medicine Interest Group. UW Medical School, Seattle, WA. Organized seminar on IV placement and intubation, and assisted with other sessions. 6/00-6/01

Organizer. Surgery Interest Group. UW Medical School, Seattle, WA. Assisted with organization of our suturing workshop and the "Non-Traditional Surgeons" panel. 6/00-6/01

President. Medical Students for Animal Welfare. UW Medical School, Seattle, WA. Involved with planning meetings during my first year of medical school, then was the sole person manning its helm for the following two years.

Volunteer. Harborview Medical Center, Seattle, WA. Prior to medical school. Ensured continued supply of warm blankets and warm IV fluids, readied trauma bays for incoming patients, spun and read hematocrits, cleaned, occasionally assisted with patient care. 6/98-1/99

Medical Assistant. Bridger Clinic, Bozeman, MT. Worked directly with patients, taking histories, blood pressures, and hematocrits at this sliding fee scale women's clinic. 2/95-9/96

Publications/Research/Presentations

"The National Emergency Department Safety Study." Principal investigator for the Kettering Hospital arm of nationwide multi-site study which investigated errors in the emergency department and their relevance to patient safety.
