**DIGITAL VIDEO/FIELD PRODUCTION & WEB PRODUCTION:**

Excite@Home Redwood City, CA Sean Silas, Product Manager	Content Producer ClickVdeo	1998-2001
--	-------------------------------	-----------

Daily programming, scheduling and content production for Broadband delivery.  
Multimedia Production of “Bailey’s Picks” feature.  
Managed client accounts and assumed marketing and acquisition responsibilities.

Excite@Home (<http://www.excite.com>) announced a new broadband entertainment site called Excite ClickVdeo. It takes programming from a wide range of providers and showcases it to its broadband customers.

Content includes news, short films, cartoons and music videos. The site features a virtual VJ named "Bailey" that acts as a host of the site.

"Short form video is clearly a killer application for broadband because video is a natural part of the broadband service and experience. Excite ClickVdeo gives users personalized control over video unlike they've ever had before with traditional television. They can search for and immediately get a specific news story or short film rather than waiting for it," said Richard Gingras, senior vice president and general manager, Excite Studios, Excite@Home.

This content portal strategy is a duplication of what Lycos did with its recently launched Lycos TV initiative. Excite@Home, uses content from providers like AtomFilms, Honkworm, House of Blues, IFILM, LikeTelevision, Quokka, WhirlGirl, sputnik7.com, wildbrain.com and WireBreak.com, to name a few.

Each provider has agreed to supply new content on a weekly basis to keep content fresh. Subscribers can also personalize their experience by organizing it on their "My ClickVdeo" page. They can add and remove content, and it is later automatically updated with new clips.

\*\*“At the end of the Free Fly Festival, Charles Bryan et Mike Vail allowed themselves the indulgence of throwing a jeep from the Skydive Arizona Skyvan in order to shoot some pictures and film for Red Bull, their sponsor. At 4000 m, the jeep was dropped over a desert area. The car had no parachute and crashed without a bounce in big cloud of dust. The shock compressed it, tearing numerous metallic parts apart. It was then towed and sent to the scrapyards.”
