## EMPLOYMENT:

TomboyX, Quality Assurance, February-Present  
Measuring knit garments, reviewing overall construction quality, writing QC reports, fit sessions, traveling to factories, and reporting findings in production meetings.  
Jarbo, Assistant Designer, June 2017-February 2018  
Conducting fit sessions, making adjustments to patterns as necessary, digitizing patterns for production, communication with factories, managing sewing room, and tech packs.  
Pattern Maker, Prospect Film (2018), February 2017- May 2017  
Create patterns based on costume designer's vision and actors' measurements. Sew mock-up garments, receive feedback, make pattern adjustments, and sew final garments.  
Holiday Design Associate, Camden Gardens, November 2016- January 2017  
Prep materials for production, create displays and decorate trees based upon the head designer's vision, and installation.  
Assistant Designer, Eipai Bags, April 2016- August 2016  
Research trends in the fashion industry and bag market, create technical designs of flats, print design, and tech packs using Illustrator and Excel.  
Assistant Designer, Newtown Inc, April 2016-May 2016  
Create technical designs of womenswear flats and tech packs.  
Tailor, AK Rikks, June 2015-December 2015  
Alter waistbands, seats, and hems of denim and dress pants to the desired fit of customers.  
Freelance Pattern Maker, January 2015-June 2015  
Create and grade patterns in various sizes for a start-up denim brand, communicate with the designer and sample maker, and alter patterns as needed.  
Teamwork Bags, May-August 2014  
Internship position: Pattern making and prototype development of bags and menswear, apparel and accessory design, industrial sewing, leather work, application of grommets and snaps, and quality control  
{EM} Reservoir, May-July 2013  
Internship position: Womenswear pattern maker, trend boards, fashion illustrations and flat drawings of garments.
