## EXPERIENCE

### *Vossler Media Group*

Producer | June 2019 - September 2021

Managed and produced projects from start to finish. This included estimates, proposals, SOWs, pre-pro, production logistics, post-production, actualizing numbers, and invoicing. For creative execution, I partner with a creative director to ensure that client and creative needs are met. These projects include Broadcast, Cinema, Digital, 360°, Interactive Games, Media Wall Installations, AR/XR production and Print/Presentation content.

### *Wunderman Thompson Seattle*

Executive Producer | June 2015 - June 2019

Worked with a great team that won multiple awards for projects both in the commercial and public service sectors. Facilitated and managed all video production needs in the Seattle office. Ensured each production followed WPP protocol, ran efficiently and within budget. Worked with Creative Directors to create proposals, source freelance talent, develop assets and execute approved concepts. This included 2d/3d animation, live action, screen capture, art installations and digital content.

### *Amazon*

Creative Production Manager | May 2014 - May 2015

Assisted business partners in the creation, development, and localization of content. Managed and oversaw a volume video program that delivered over 200 short videos. At times this required handling 3 - 5 productions daily on a three-stage facility. These videos covered content needs for products in the Health & Beauty, Lawn & Garden, and Kitchen and Outdoor verticals.
