Experience

2022 - 2023

Applied Frameworks | Remote

Video Producer (Freelance)

- Led end-to-end video production processes, from concept development to final editing, resulting in a 30% increase in viewer engagement.
- Collaborated with cross-functional teams to ensure seamless execution of video projects, managing budgets and timelines effectively.
- Developed creative briefs and scripts, providing clear direction to on-screen talent and crew members.
- Implemented innovative visual effects and animations, enhancing the overall production quality.
- Oversaw post-production activities, editing, and color grading, delivering videos on schedule while maintaining high standards.

2021 - 2022

Brightly | Remote

Video Editor (Freelance)

- Edited raw footage into polished, cohesive video content, adhering to the creative vision and project objectives.
- Collaborated closely with video producers and directors to understand the desired narrative and storytelling approach.
- Utilized Adobe Premiere Pro and After Effects to add visual effects, transitions, and animations, enhancing the overall production quality.
- Synchronized and optimized audio tracks using Adobe Audition, ensuring clear and professional sound in the final videos.
- Incorporated graphics and titles using Adobe Photoshop, adding a visually appealing touch to the video projects.
- Assisted in color grading, achieving consistent and cinematic looks in accordance with the project's mood and theme.

2021 - 2021

Malka Media | Remote

Assistant Video Producer (Freelance)

- Assisted in managing pre-production logistics, including location scouting and equipment coordination.
- Conducted research for video concepts, ensuring content alignment with the company's branding and target audience.
- Supported video shoots, operating cameras, and managing lighting and audio setups.
- Edited raw footage and sound, resulting in streamlined post-production processes.
