

TREVOR NORDEEN

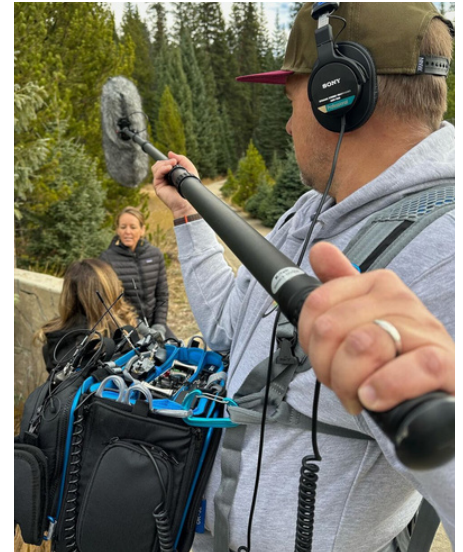

PRODUCTION SOUND MIXING

With **over 20 years in production sound**, I've had the privilege of working with a variety of clients from broadcast mainstays like NBC, PBS, and ESPN to esteemed brands like Microsoft, Verizon, and MillerCoors.

Having frequently integrated with different crews and teams, I understand the importance of **effective communication** and **teamwork with all departments** on location.

I possess a **perspective beyond my own department**, which results in a smoother production for everyone.

Equipment:

Sound Devices 833 mixer/recorder, Lectrosonics wireless (including stereo camera hops), Schoeps and Sanken microphones, K-Tek boom poles, Deity timecode + smart slate
