## EDUCATION

Eastern Washington University, Cheney, WA

B.A. in Video Production, June 2020

*Graduated with Honors*

## WORK HISTORY & EXPERIENCE:

### January 2020 – PRESENT | Key Production Assistant | PROSCENIUM ENTERTAINMENT

- Supported production staff in coordination for corporate events and employee webinars.
- Assisted production crew in assembly of stage needs, lighting needs, and video streaming troubleshooting.
- Managed local crew support and assisted in seamless production of hybrid events.
- Handled crew COVID-19 tracing, testing, and vaccination documentation.

### October 2020 – August 2024 | Event Videographer / Competition Editor | GlassHouse Dance

- Lead Videographer for Winter and Summer dance showcases, and various music video projects highlighting different dance styles for social media branding.
- Lead quick turnarounds for video edits in accordance with company style guide and transcription of all dancing categories.
- Created various highlight reels and event showcase videos capturing the fun of each event for social media channels.

### January 2021 – August 2024 | Video Production Specialist / Assistant Editor | BARON VISUALS

- Managed multiple video projects simultaneously with production team for clients such as the Fred Hutchinson Cancer Research, Swedish Medical Institute, Boyer School, and Farestart.
- Developed a strong understanding of clients' brand requirements and managed multiple projects at a time with varying deadlines.
- Collaborated with brand marketing partners to bring assets to life for social media, personal sites, and live event screenings.
- Provided on-site production support for crew with assistance to lighting, camera blocking, and additional B-roll needs.

## SUMMARY

- Videographer with a strong track record in commercial, corporate, and documentary style production, T.J. specializes in creating compelling visual narratives that drive audience and brand engagement.

- Possess 6+ years of hands-on experience in video editing specialized in the digital and social-media space.

- Adept in the Adobe Creative Suite with over seven years of professional experience in Adobe Premiere, After Effects, Illustrator, Encoder, and Audition, T.J. Hemmen utilizes the full suite of tools to make video content that exceeds client expectations.

**February 2022 – July 2023 | Videographer / Lighting Tech | ONECARE MEDIA**

- Supported production staff with creation of content for various advertising channels with expertise in lighting and studio build support.
- Assisted in planning and coordination of marketing material with various spokespersons and brand ambassadors.
- Supported core camera team with additional photography and supplementary video content to achieve marketing goals.

**May 2021 – October 2022 | Content Creator / Video Editor | SACRED STORY INSTITUTE**

- Ran and operated production studio for company founder and interior production team.
- Organized and maintained video files, project assets, and media libraries for production team.
- Created weekly video material for subscription-based platforms and social media related channels.
- Created new video series opportunities and accompanied team on travel shoots on a per project basis.

**January 2021 – May 2022 | Video Content Specialist / Video Editor | TERRACOTTA**

- Ran multi-cam production for master-class style painting lessons.
- Edited and transcribed artists painting sessions and assisted in development of packaged episodes for online courses.
- Routinely demonstrated ability to deliver course episodes under quick turnaround times.

**January 2020 – October 2020 | Seasonal Videographer / Video Editor | SAMBICA SUMMER CAMP**

- Assisted summer camp with capture and development of weekly promotional videos showcasing camper highlights and summer camp activities.
- Planned and recorded marketing videos with camp marketing leads for sponsorship needs.
- Combined interpersonal communication skills with technical direction skills to be a role model for campers and counselor staff.

**August 2020 – January 2021 | Live Stream Events Technician | TRANSFORMATION TALK RADIO**

- Collaborated with Transformation Talk Radio's programmers and advertisers to develop live radio show needs and live-streamed communications on an episodic basis.
- Obtained valuable knowledge of OBS recording and management of online and radio-based programming.
- Demonstrated consistent time management and prioritization skills with a strong attention to detail for show hosts and studio standards.

**September 2019 – March 2022 | Associate Producer & Videographer | WHITE CENTER WARRIORS**

- Interviewed coaches and volunteer staff for testimonial auction videos.
- Conceptualized documentary-style projects with club founders and travelled with staff to state-wide events to capture additional video material for wrestlers and coaches.
- Developed marketing material for the wrestling club and assisted with promotion of events through social media platforms.

## **COMMUNITY & VOLUNTEER WORK:**

### **Meaningful Movies Project | Videographer & Zoom Tech**

- Assisted MMP networks with video coverage of in-person screenings events.
- Coordinated online zoom seminars and online screenings for films to audiences of up to two hundred viewers and participants.
